Beach Advisory Lifted for South Beach, Jekyll Island

GLYNN COUNTY, GA – The Glynn County Health Department has lifted the beach water advisory for South Beach at the 4-H Camp, which is from the south water tower to Macy Lane on Jekyll Island.

The advisory was issued on August 3, 2021, after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent water samples show the bacteria level has dropped below the Environmental Protection Agency’s recommended limits. Therefore, the advisory has been lifted.

For more information about beach water advisories, go to www.gachd.org and click on the Environmental Health tab at the top of the page.
