**Re: Letter of Permission (LOP), for Temporary Activities Associated with Tree Removal, 1100 Beachview Drive B, St. Simons Island, Glynn County, Georgia. GPS: (31.13746°N, 81.382006°W)**

Dear Mr. Daniel:

This Letter of Permission (LOP) is in response to your request, received June 01, 2019, to remove three (3) trees within Shore Protection Act (SPA) jurisdiction that have died due to stress and flooding from Hurricane's Matthew and Irma. According to the request, the tree(s) will be removed using a chain saw and manual labor. When needed, underbrush may be trimmed to allow access to the dead trees identified in the request. All debris will be transported upland by hand and disposed of accordingly. Tree removal will begin no sooner than 15 days from the date of this letter and will be completed no later than six (6) months from the date of this letter.

The Department authorizes tree and underbrush debris removal as depicted in the attached description. **No unauthorized equipment, vehicles, materials, or debris may be placed, disposed of, or stored in jurisdictional areas.** Any incidental damage to dunes or dune vegetation will require restoration to be coordinated through this office. This LOP is valid for the above referenced project. Any change in the use, location, dimensions, or configuration of the approved project, without prior notification and approval from this office could result in the revocation of this permission and in the required removal of the related structures.

This LOP does not relieve you from obtaining any other required federal, state, or local permits. If you have any further questions or concerns regarding this or any other projects, please feel free to contact Amy Flowers at (912) 262-3109.

Sincerely,

Jill Andrews  
Chief, Coastal Management Section

**Subject:** RE: 1100 Beachview DR B, Trees Dead

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

**Amy:** I have three questions for you.

1. I wanted to double check that you're asking permission to cut down a total of three (3) trees and trim the underbrush around those tree's, within SPA jurisdiction. Is this correct? Am I missing anything?

**Buddie:**

I'm not sure where the SPA starts or ends, however I am seeking your advice and understanding that there are two trees that are dead, shown on the picture to the left of the house (from the beach) and a large shrub (or small tree) on the right side as well. I was not sure if I needed permission or not, but I wanted to make sure that I was doing the right thing by asking your department. Our plan is to cut by using hand tools and manual labor to remove the dead trees/ shrub and underbrush.

**Amy:**

2. Where do you plan on disposing the underbrush debris and the tree debris once it's cut down.

**Buddie:**

We will have a landscape service help with the cutting down the trees and removing the wood and underbrush. I'm not sure which landfill they use, but it will be removed from the property and disposed of in a proper manner.

**Amy:**

3. How are you planning to get the debris and tree pieces out of jurisdiction? Will it all be done by hand or will you be using any type of equipment?

**Buddie:**

I believe that there will be use of a pickup truck and/or trailer that the debris and tree pieces will be loaded onto by hand. There is access to the yard via 1100 Beachview Dr private property without driving on the Beach itself. We want to do this job and leave the area as neat and clean as possible.

Thank you for your time and understanding. If you need anything else, please let me know.

Thanks,

Buddie

Mr. Daniel,

I have three questions for you.

4. I wanted to double check that you're asking permission to cut down a total of three (3) trees and trim the underbrush around those tree's, within SPA jurisdiction. Is this correct? Am I missing anything?

I'm not sure where the SPA starts or ends, however I am seeking your advice and understanding that there are two trees that are dead, shown on the picture to the left of the house (from the beach) that pose a threat to the house if we get another severe storm and a large shrub (or small tree) on the right side that is dead as well. I was not sure if I needed permission or not, but I wanted to make sure that I was doing the right thing by asking your department. Our goal is to cut by using hand tools and manual labor to remove the dead trees/ shrub and underbrush.

5. Where do you plan on disposing the underbrush debris and the tree debris once it's cut down. We will have a landscape service help with the cutting down the trees and removing the wood and underbrush. I'm not sure which landfill they use, but it will be removed from the property.

6. How are you planning to get the debris and tree pieces out of jurisdiction? Will it all be done by hand or will you be using any type of equipment?

I believe that there will be use of a truck and/or trailer that the debris and tree pieces will be loaded onto by hand. There is access to the yard via Beachview Dr on the private property without driving on the Beach itself. We want to do this job and leave the area as neat and clean as possible.

Thank you.

Buddie,

Please identify the trees you plan to remove in the attached photos as we discussed.

Sincerely,

**CAUTION:** This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello Josh,

Per our phone conversation, there are some dead trees on the property of 1100 Beachview DR B, Saint Simons Island, GA 31522. We would like to remove them by cutting down even with the ground using a chain saw and manual labor. The trees were stressed by Hurricane Matthew, then hit again by flooding from Hurricane Irma, from which they never recovered.

There is some underbrush that will need trimmed as well so as to access the base of the trees.

Working on this by hand, may require several days to accomplish the task.

We would like to get started ASAP due to the heat index climbing up as the summer progresses.

Thank you for your time and attention to this matter. If you need further information, please do not hesitate to let me know via email or cellular phone.

Sincerely,

Buddie Daniel, Manager
