A. If answer is "Yes", give reasons in the remarks in the remarks section.

Indicate the existing work on the drawings.

B. If the fill or work is existing, indicate date of commencement and completion.

C. If not completed, indicate percentage completed.

12. List of approvals or certifications required by other Federal, State or local agencies for any structures, construction discharges, deposits or other activities described in this application. Please show zoning approval or status of zoning for this project.

<u>Issuing Agency</u>	<u>Type Approval</u>	<u>Identification No.</u>	<u>Date/Application</u>	<u>Date/Approval</u>
-----------------------	----------------------	---------------------------	-------------------------	----------------------

13. Has any agency denied approval for the activity described herein or for any activity directly related to the activity described herein? ___Yes XNO (If "yes", explain).

RECEIVED AUG 01 2019

Note: Items 14 and 15 are to be completed if you want to bulkhead, dredge or fill.

14. Description of operation: (If feasible, this information should be shown on the drawing).

A. Purpose of excavation or fill To convert Berth 2 to a dedicated Ro-Ro berth by improving the existing dock structure. See Project Description for details.

- 1. Access channel length _____ depth _____ width _____
- 2. Boat basin length _____ depth _____ width _____
- 3. Fill area length _____ depth _____ width _____
- 4. Other length _____ depth _____ width _____

(Note: If channel, give reasons for need of dimensions listed above.)

- B. 1. If bulkhead, give dimensions N/A
- 2. Type of bulkhead construction (material) N/A
- Backfill required: Yes _____ No _____ Cubic yards _____
- Where obtained _____

- C. Excavated material
- 1. Cubic yards _____
- 2. Type of material _____

15. Type of construction equipment to be used barge and crane

- A. Does the area to be excavated include any wetland? Yes ___ No _____
- B. Does the disposal area contain any wetland? Yes ___ No _____
- C. Location of disposal area _____
- D. Maintenance dredging, estimated amounts, frequency, and disposal sites to be utilized: _____
- E. Will dredged material be entrapped or encased? N/A
- F. Will wetlands be crossed in transporting equipment to project site? No
- G. Present rate of shoreline erosion (if known) N/A

16. WATER QUALITY CERTIFICATION: In some cases, Federal law requires that a Water Quality Certification from the State of Georgia be obtained prior to issuance of a Federal license or permit. Applicability of this requirement to any specific project is determined by the permitting Federal agency. The information requested below is generally sufficient for the Georgia Environmental Protection Division to issue such a certification if required. Any item which is not applicable to a specific project should be so marked. Additional information will be requested if needed.

A. Please submit the following:

- 1. A plan showing the location and size of any facility, existing or proposed, for handling any sanitary or industrial waste waters generally on your property.
- 2. A plan of the existing or proposed project and your adjacent property for which permits are being requested.
- 3. A plan showing the location of all points where petro-chemical products (gasoline, oils, cleaners) used and stored. Any above-ground storage areas must be diked, and there should be no storm drain catch basins within the diked areas. All valving arrangements on any petro-chemical transfer lines should be shown.
- 4. A contingency plan delineating action to be taken by you in the event of spillage of petro-chemical products or other materials from your operation.
- 5. Plan and profile drawings showing limits of areas to be dredged, areas to be used for placement of spoil, locations of any dikes to be constructed showing locations of any weir(s), and typical cross sections of the dikes.

B. Please provide the following statements:

- 1. A statement that all activities will be performed in a manner to minimize turbidity in the stream.
- 2. A statement that there will be no oils or other pollutants released from the proposed activities which will reach the stream.
- 3. A statement that all work performed during construction will be done in a manner to prevent interference with any legitimate water uses.

RECEIVED AUG 01 2019

17. Application is hereby made for a permit or permits to authorize the activities described herein, Water Quality Certification from the Georgia Environmental Protection Division is also requested if needed. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete and accurate. I further certify that I possess the authority to undertake the proposed activities.

Signature of Applicant

18. U.S.C. Section 1001 provides that: Whoever, in any matter within the jurisdiction of any department or agency of the United States, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious, or fraudulent statements or representations, or makes or uses false writing or document knowing same to contain any false, fictitious or fraudulent statement or entry, shall be fined no more than \$10,000 or imprisoned not more than 5 years or both.

PRIVACY ACT NOTICE

The Department of the Army permit program is authorized by Section 10 of the Rivers and Harbors Act of 1899, Section 404 of the Clean Water Act and Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972. These laws require permits authorizing structures and work in or affecting navigable waters of the United States, the discharge of dredged or fill material into waters of the United States, and the transportation of dredged material for the purpose of dumping it into ocean waters. Information provided will be used in evaluating the application for a permit. Information in the application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary, however, the data requested are necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.
