SEE ATTACHED SHEET

Describe the proposed activity (attach additional sheets as needed):

We are requesting authorization to build a six (6) foot wide up to two hundred-twenty (220) foot long dune crossover, to provide beach access for our guests and homeowners, from the landward side of the toe of the existing dune to the second dune system and the beach re-nourishment being created by at the Corps of Engineers commencing November 1, 2019. The Georgia Department of Natural Resources is prohibiting pedestrian access to and from the beach though the dynamic dune field.

Statement: I have made inquiry to the appropriate authorities that the proposed project is not
