Re: Letter of Permission (LOP) for Temporary Fireworks Trailer, Ocean Forest Golf Club, Sea Island, Atlantic Ocean, Glynn County, Georgia, GPS: (31.204255°N/ 81.322034°W)

Dear Ms. Heins:

This Letter of Permission (LOP) is in response to your request, received June 03, 2020, to set up a firework display within Shore Protection Act (SPA) jurisdiction on July 4, 2020.

The Fourth of July event will include the use of a temporary fireworks launch trailer. The fireworks launch trailer will be 8 ft. x 16 ft. and be transported by a four-wheel drive vehicle to the location depicted on the attached drawing. The trailer will be the launch area for the fireworks display and will be staged landward of the ordinary high-water mark and seaward of the dunes in an unvegetated area on hard-packed sand beach. Setup of the fireworks launch trailer will take place on July 04, 2020. Removal will occur immediately after the fireworks display or, in the event of rain or other unforeseen events, set-up and removal will occur within the dates of July 3, 2020 through July 11, 2020. The Department approved 36th Street beach access route will be used for the transport of the above described equipment. No dunes or dune vegetation will be disturbed during the transport or set up.

The Department authorizes the placement of the fireworks trailer activities as depicted in the attached description and drawings and has no objection to the actions. **No unauthorized equipment, materials, or debris may be placed, disposed of, or stored in jurisdictional areas.** Any incidental damage to dunes or dune vegetation will require restoration to be coordinated through this office. This LOP is valid for the above referenced projects. Any change in the use, location, dimensions, or configuration of the approved project, without prior notification and approval from this office could result in revocation of this permission and in the required removal of the related structures.

Because the project occurs between May 1st and October 31st, sea turtle nesting season, an individual with a DNR Sea Turtle Cooperators Permit must survey the area prior to the work beginning. No activity may occur within 20ft. of a sea turtle nest.

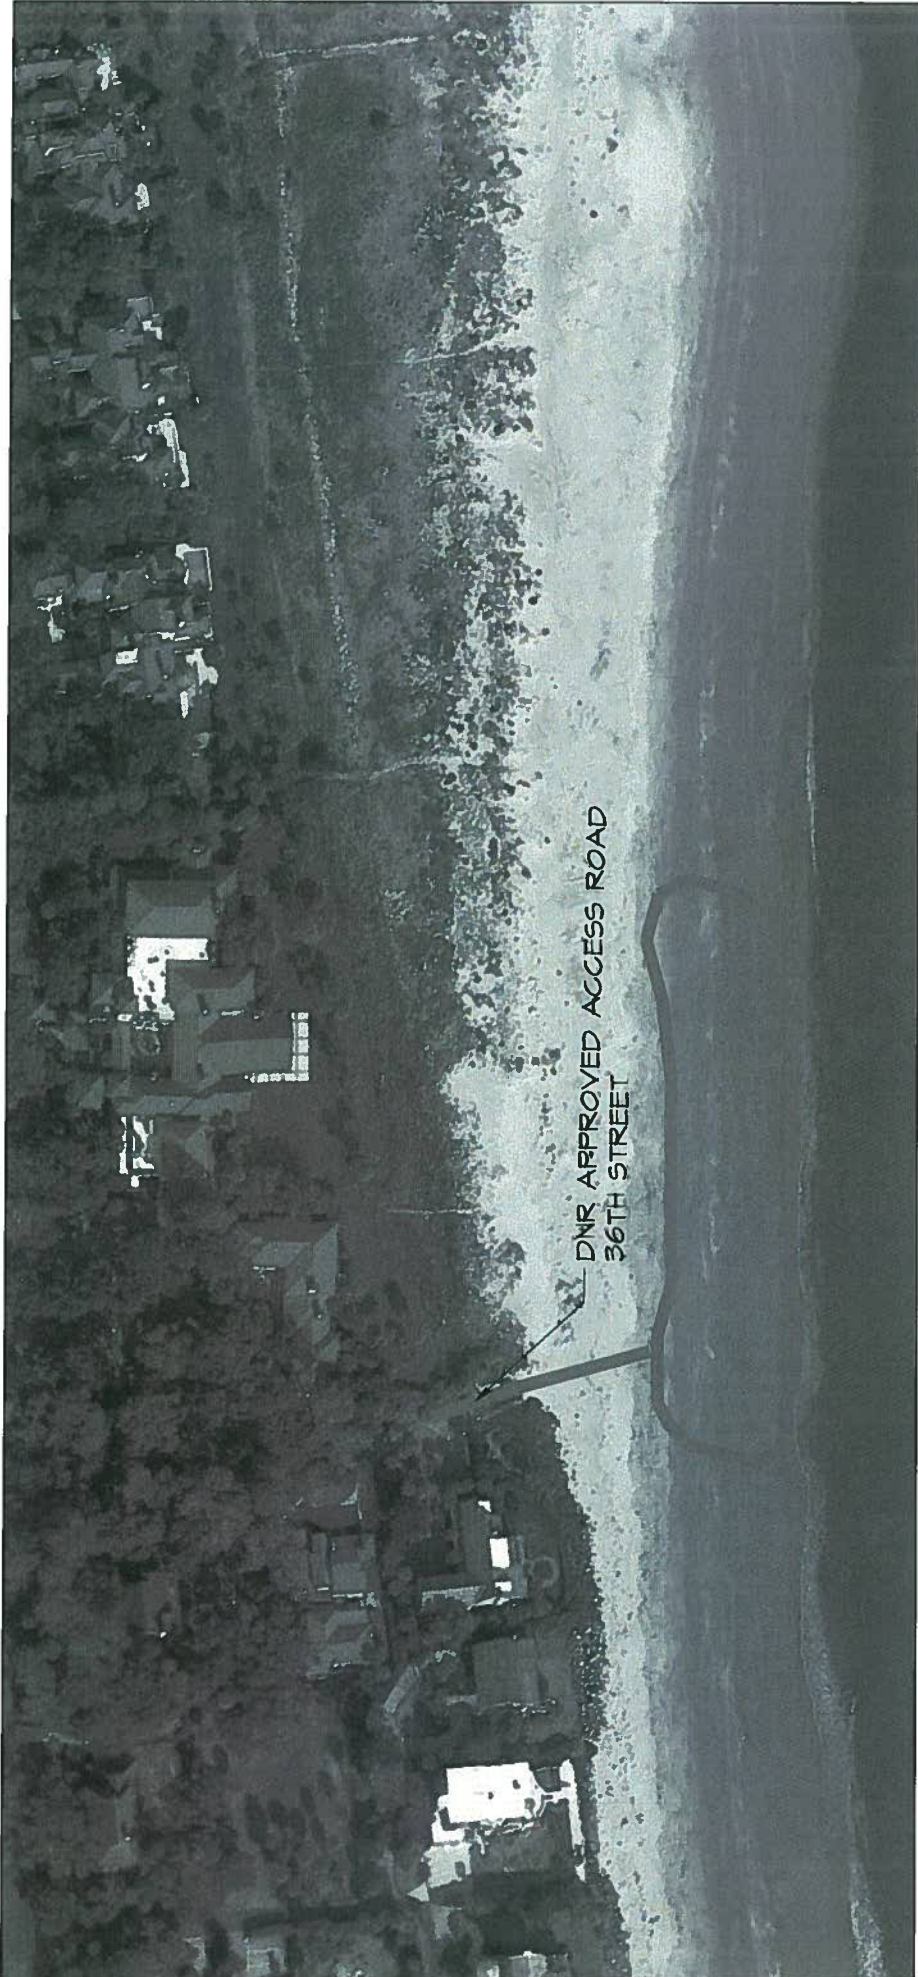

This LOP does not relieve you from obtaining any other federal, state, or local permits. If you have any further questions or concerns regarding this or any other projects, please feel free to contact Amy Flowers at (912) 262-3109.

Sincerely,

Jill Andrews
