

Charlie Elliott Wildlife Center

is managed by the Georgia Department of Natural Resources' Wildlife Resources Division. This Wildlife Management Area consists of 6400 acres of pine, hardwood and mixed forests, old field habitat, as well as 22 ponds and several streams. These diverse habitats attract over 195 bird species.

Status:

PR Permanent Resident (in GA)
SR Summer Resident
WR Winter Resident
B Breeds at CEWC
M Migrant
E Exotic

Seasons:

Winter December - February
Spring March - May
Summer June - July
Fall August - November

Abundance:

A - Abundant (can't miss this bird)
C - Common (certain in proper habitat)
U - Uncommon (present, but may not be seen)
O - Occasional (seen a few times per season)
R - Rare (possibly seen every 2-3 years)
I - Irregular (here some years, absent others)
X - Accidental (only one or two records)
