The June 16, 2022 meeting of the Coastal Resources Committee was called to order by Bill Jones, Chairman of the Board of Natural Resources.

Chairman Jones called on Ms. Nancy Addison, Chair of the Coastal Resources Committee.

Ms. Addison called on Doug Haymans, Director of the Coastal Resources Division, to present the Proposed Amendment to the Rules of the Georgia Department of Natural Resources, Saltwater Fishing Regulations, Chapter 391-2-4.

Director Haymans stated that in April 2022 the Board was presented a proposed amendment to Rule 391-2-4, which would lower the vessel limit for Dolphin from 60 to 54 fish in State waters.

Director Haymans stated that a public notice, background and synopsis statement and strike-through version of the rules were presented to the public for comment and limited public comment was received.

Director Haymans requested a favorable consideration.

A motion was made by Mr. Bagwell, seconded by Mr. Johnson, and carried unanimously that the Coastal Committee recommend the Board approve the Proposed Amendment to the Rules of the Georgia Department of Natural Resources, Saltwater Fishing Regulations, Chapter 391-2-4.

There being no further business, the meeting was adjourned.
