

2019 NASP® Georgia Championship/Tournament Rules

NASP® TOURNAMENT SANCTIONED RULES & PROTOCOLS

New for 2018 - 2019: Except for inconsequential language edits, rule changes are in **yellow highlights**.

1. **PARTICIPATION - All District, Regional, State, Provincial, National, and World Tournaments/Championships**

To maximize the number of students who will discover their aptitude and interest for archery, NASP® is an in-school program. Because of this 77% of NASP® students first shot archery while taking lessons at their school. NASP® emphasizes team participation in order to maximize the number of students who will participate and to promote positive social interaction among students and faculty.

NASP® schools are defined as schools that participate in NASP® for at least ten hours of in-school instruction each school year, have at least two school employees certified, turn in monthly teaching reports and fill out the annual survey.

NASP® safety protocols must be followed by NASP® schools and teams to preserve the experience for current and future students.

- 1.1. Every archer must attend a public, private, charter, magnet, or home school that conducts NASP® lessons during normal school hours.
 - 1.1.1. NASP® lessons must be conducted **as a part of the in-school curriculum**, a minimum of 10 hours per school year.
 - 1.1.2. Lessons must include at least the following subject material:
 - 1.1.2.1. Determine eye dominance
 - 1.1.2.2. String Bow used to teach Eleven Steps to Archery Success
 - 1.1.2.3. Safety Orientation and shooting of bows and arrows on a NASP® range.
 - 1.1.3. After-school-only archery programs or clubs are ineligible.
 - 1.1.4. The school principal's name & telephone # must be provided during tournament registration.
 - 1.1.5. NASP® may choose to contact the principal to confirm 1.1.
- 1.2. A NASP® school is one that adheres to the training, equipment, and safety requirements and protocols followed by NASP®.
 - 1.2.1. School lessons must be presented by NASP® certified faculty, **staff** or volunteers during the regular school day.
 - 1.2.2. At least two school employees must be NASP® certified.
 - 1.2.3. Only NASP® certified teachers or coaches employed by the school may register student archers for tournaments and pick up tournament packets.
 - 1.2.4. Equipment use and range protocols must be followed.
 - 1.2.4.1. Only the standard Genesis bow & Easton 1820 arrows may be used during NASP® class or on a NASP® range.

- 1.2.4.2. NASP® range specification and design must follow training provided in the NASP® Basic Archery Instructor's course.
- 1.2.4.3. Failure to follow these protocols make the school ineligible to participate in NASP® tournaments. Failure to follow safety protocols such as those for bows, arrows, and curtain use, may also result in de-certification of the NASP® certified teacher or coach.
- 1.3. A 'school' (except Home Schools – see 1.4 below) for the purposes of participation in NASP® tournaments is a building or set of buildings on the campus where students at that school attend.
 - 1.3.1. For instance, a high school may have 9th grade and 10th-12th grade students on the same campus but in different buildings. This is one school.
 - 1.3.2. In another school all students K-12, 6-12, etc. may be in the same building or buildings on the same campus. This is one school.
 - 1.3.3. If schools with similar names but at separate address such as the 'North Middle School and North Elementary School' even if in the same district, they are separate schools and may not mingle shooters on teams.
 - 1.3.3.1. Except: If elementary grades (4th & 5th) are not in the same school the schools where the two grades are found may combine students to form elementary teams. Example: this could be a school with K-4 and a school combining with a 5-8 or 5-12 school.
 - 1.3.3.2. Except: If middle school grades (6-8) are not in the same school the schools where the three grades are found may combine students to form middle school teams. Example: this could be a K-6 school combining with a 7-8 or 7-12 school.
 - 1.3.3.3. Except: If high school grades (9-12) are not in the same school the schools where the four grades are found may combine students to form high school teams. Example: this could be a school with 9-10 combining with an 11-12 school.
- 1.4. A student who is home-schooled may only participate if the home school has enrolled in NASP® and provides NASP® archery lessons, by a NASP® certified instructor. This also applies to other schools that are without buildings or campuses, such as certain "virtual" schools.
 - 1.4.1. The homeschool group must present the NASP® lessons (as described in section 1.1.) as a portion of an in-school classroom curriculum, such as in Physical Education. To meet the same requirement as public schools the lessons should include students that are not on the archery team, where possible. If Physical Education is not offered, NASP® lessons could be included in Math, Science, or any other in-school class curriculum.
 - 1.4.2. EXCEPT: Some home-schooled students receive Physical Education from public or private schools. If the home-schooled student receives NASP® lessons while attending classes at a NASP® public or private school that student may participate for the home school or the school where the archer receives NASP® classes IF the schools agree.
 - 1.4.2.1 The home-schooled student is ineligible if archery lessons are after-school only.
- 1.5. Only students who are in grades 4-12 by the date of the tournament may participate. Third grade archers are no longer permitted to participate in NASP® tournaments.
 - 1.5.2A student at a NASP® school who has graduated early during the current school year may, at the discretion of the school Principal, participate.
 - 1.5.3A student who no longer attends a NASP® school due to having moved, promoted, etc. is ineligible to participate in this tournament until/unless the student's new school joins NASP® and may then only represent their NEW school.
- 1.6. NASP® archery teams must contain 12-24 students, at least 4 of which must be of the opposite gender.
- 1.7. If the school is single gender, the required opposite gender participants may come from other NASP® schools in the same city, county, or school district.
- 1.8. If a school (or a NASP® division within the school) contains fewer than 150 NASP® eligible students (eligible students is defined as the total number of students enrolled in the school in grades 4 thru 12), the team may be comprised of students from their school and/or other participating NASP® schools in the same city, county, or

- school district based on the rules below. Eligible NASP® schools (or divisions) can join together until a total of 150 NASP® eligible students (combination of grades 4-12) is met:
- 1.8.1. A school with high school students only (grades 9 – 12) with fewer than 150 students can add archers from another NASP® high school, middle school or elementary school.
 - 1.8.2. A school with middle school students only (grades 6 – 8) with fewer than 150 students can add archers from another NASP® middle school or elementary school in the same city, county, or school district.
 - 1.8.3. A school with elementary students only (grades 4-5) with fewer than 150 students can add archers from another NASP® elementary school in the same city, county, or school district.
 - 1.8.4. A school with multiple divisions within their school...
 - a. If the high school division has less than 150 students, that division can add archers from lower divisions within their school or high school archers from another school in the same city, county, or school district.
 - b. If the middle school division has less than 150 students, that division can add archers from lower divisions within their school or middle school archers from another school in the same city, county, or school district.
 - c. If the elementary division has less than 150 students, that division can add elementary archers from another school in the same city, county, or school district.
 - 1.8.5. A school (or division within the school) with more than 150 NASP eligible archers may not add archers to their team from another school or division within their school.
 - 1.8.6. If a student shoots up for a higher division team, that student will be competing for team rank in that older division, but retain individual rank according to the archer's actual grade.
 - 1.8.7. Unless utilizing this "small school rule", students may only shoot on a team at the NASP® school they attend.
 - 1.9 Competitive Divisions are Elementary: 4th-5th, Middle: 6th 7th & 8th, & High: 9-12 grades.
 - 1.10 NASP® is a school program. If a school administration deems a student unsuited to represent the school, NASP® will abide by the decision. Ineligibility generally occurs when a student has been disciplined or for academic reasons.
 - 1.10.1 If a student archer is disqualified for cheating at a district, regional or state tournament, the student is ineligible to participate in any additional NASP® tournaments until such time the student has regained good standing in his or her state or province. The NASP® coordinator would alert the national office of such disqualification.

2. NASP® Tournament Registration Protocols

- 2.1 In addition to #1-1.10.1 above.
- 2.2 There is no minimum number of students from the District tournament roster required for Regionals, from the Regional tournament roster required for the State tournament or State tournament roster for the National or World roster. Team size remains 12-24 students with at least 4 of the opposite gender.
- 2.3 Substitutes for the Region, State, National and World rosters may be students that did not participate in the District, Regional or State (or National) tournament but they must be from the same school and in the same division. **Only schools that meet the requirements of the small school rule in section 1.8 may have students' shoot-up in a different division.**
 - 2.3.1 Individuals must shoot in their actual division for district, regional and state tournaments unless the school meets the requirements for a small school specified in 1.8.
 - 2.3.2 If by meeting the requirements of section 1.8, an individual shot in a higher division at the a district tournament or regional qualifier, the individual may shoot "down" in their actual division for state.
- 2.1. If a school sent multiple teams to a district tournament they may recombine archers from these teams for a regional.
- 2.2. Additional registration information, schedule of times and tiers will be listed at www.nasptournaments.org.

3. Equipment -- Only equipment specified for use in NASP® may be used in the tournament.

NASP® equipment has been selected to be as universal-fit as possible to make administration of the program most suitable for in-school teaching. The program would be too complicated if multiple bows, arrows, and accessories were allowed. Tournaments follow in-school program design as closely as practical.

3.1 Bows: Only the stock (original) unmodified Genesis™ bow approved for NASP® may be used.

- 3.1.1 All bows must be checked in at the Bow Check Station located near the registration table.
- 3.1.2 All previous inspection stickers must be removed.
- 3.1.3 All non-compliant bows must be removed from the competition until they are restored to a compliant condition before competition begins. Bows must be re-checked at the Bow Check Station for compliance before shooting begins or disqualification will occur.
- 3.1.4 Any bows found not being in compliance once the practice end begins will be disqualified and scorecards will not be scored.
- 3.1.5 At any time during the tournament bows can be chronographed, measured and/or tested for poundage weight.

- 3.1.9 The bow's grip must be in place and unmodified. Changing the shape by removing material or adding material, including tape would be a disallowed modification. **The grip may be painted for personalization. However, paint used must be "color only". The use of paint with added texture material or paint that dries with a multi-texture finish (including but not limited to those designed as bed liner material) is disallowed.**
- 3.1.10 Only tied on or heat shrink nock locators may be used.
 - 3.1.10.1 There may be up to one nock locator above and below the arrow nock.
 - 3.1.10.2 If using two nock locators the gap between them must be $\leq 1-1.5$ nock widths. **The archer must nock the arrow between the 2 nock locators.**
 - 3.1.10.3 If using one nock locator the archer must nock the arrow below the nock locator.
 - 3.1.10.4 Brass nock locators are prohibited for safety reasons.

 - 3.1.11.4 Tape or paint used to cover sight marks must remain throughout the competition.
 - 3.1.11.4.1 Archers and coaches must comply with this rule before their flight time.
 - 3.1.11.4.2 If sight marks are discovered, the archer or coach will be asked to cover them. **This must be accomplished** at the Bow Check Station.
- 3.1.12 The bow must be free of draw stops or stabilizers.
- 3.1.13 The bowstring and cables may be 'after-market' but of the same approximate length.

- 3.2.5 Arrow vanes must be 3 soft plastic, 2.5-3.0" long and no more than .4-.6" in height and attached to the shaft with a straight off set of approximately 1.5 degrees. Vanes may be of any brand or shape but must be within the listed dimensions
 - 3.2.5.1 New Archery Products (NAP), the maker of the Genesis bow arrow rest, has developed a replacement vane system for NASP®. This system will be permitted in NASP® schools and tournaments. It meets our dimension specifications outlined in 2.2.5 above. It is called "NASP® SPEEDFLETCH (patents: 7,955,2901 & 6,142,896). This vane system will have the NASP® logo marking the index vane.

- 3.3.9 Potential special allowances for physically challenged archers are evaluated on a case-by-case basis. While participation by the challenged archer is important, other competitors must not be negatively impacted. Commonly approved allowances include:
 - 3.3.9.1 Wheel chairs are permitted if needed.
 - 3.3.9.2 In the case of hearing or visually impaired archers, a coach or parent may provide assistance at the shooting line. A lane official must be alerted before shooting begins.

 - 3.3.9.4 Archers who use crutches may shoot from a chair or have coach assistance to stand.

4. Competitive Format

NASP® competitions are designed to be extensions of the in-school curriculum. Tournaments emphasize safety, sportsmanship, and indoor application.

4.1 Range Set-Up

- 4.1.1 Target butts will be placed directly on the floor similar to the height of school butts.
- 4.1.2 Target faces will be placed on the target butts so that the bottom edge is touching the floor or as close to the floor as possible.
- 4.1.3 Targets faces (paper) will be NASP® 80 cm FITA face with 10 scoring rings.
- 4.1.4 The target line will be approximately 2 yards or meters from the target butts.
- 4.1.5 There will be 10 meter (32' 10") and 15 meter (49' 2") shooting lines.
- 4.1.6 The waiting line will be at least 4-5 yards or meters beyond the 15-meter shooting line.
- 4.1.7 A 'Coach's Alley' will be delineated between the waiting line and spectators.
 - 4.1.7.1 Only three coaches from each team may be in the coach's alley.
 - 4.1.7.2 We encourage alley coaches to be seated as much as possible to prevent blocking the view of spectators in the audience.
 - 4.1.7.4 For teams, at least one coach must be immediately available and located with his or her team while the team is shooting in case issues must be resolved. Coaches must display positive sportsmanship while in this alley.
- 4.1.8 Spectator seating will be placed as close as possible behind the waiting line.
- 4.1.9 Shooting lines will support 5 foot wide shooting lanes accommodating 2 archers per lane.
 - 4.1.9.1 The shooter's label will indicate with "Left" or "Right" which half of the 5' wide shooting lane each archer is assigned.
 - 4.1.9.1.1 Crowding across the middle of the lane is considered unsportsmanlike conduct.
 - 4.1.9.2 Shooters occupying a lane will be from different schools where possible.
 - 4.1.9.3 Solo shooters will be combined where possible to promote integrity.

4.2 Whistle Signals: NASP® whistle commands will be used to operate the range.

- 4.2.1 5+ whistles for an emergency
- 4.2.2 2 whistles to 'get bow'
- 4.2.3 1 whistle to 'shoot'
- 4.2.4 3 whistles to 'go get arrows'

4.3 Arrow Handling and Movement About the Range: NASP® safety rules must be followed.

- 4.3.1 Archers must walk when moving about the range.
- 4.3.2 Archers must have one foot on each side of the shooting line with 'bows on toes' before shooting begins.
- 4.3.3 While shooting, the archer must straddle the shooting line with the non-target foot behind the back edge of the shooting line. NO PART of the shooting line will be covered by the archer's foot.
- 4.3.4 The tournament-provided arrow quiver must be placed ON the shooting line in FRONT of the archer.
- 4.3.5 Shooter and quiver must remain in their half of the assigned lane when on the shooting line.
 - 4.3.5.1. Crowding across the middle of the lane, or into an adjacent lane, is considered unsportsmanlike conduct. Crowding is defined as any part of the archer's body or equipment extending past the 30-inch area assigned to the archer.
 - 4.3.5.2. The quiver must remain on the shooting line and within 30-inch area assigned to the archer.
- 4.3.6 While both archers may approach the target when scoring, only one archer may remain at the targets when arrows are pulled. The other archer must be safely behind the target line while arrows are being pulled from the target.

- 4.3.7 Archers must remain standing on their feet and off their knees when pulling arrows.
- 4.3.8 Arrow points must be covered with one hand and shafts grasped below the vanes with the other hand when walking with arrows.

4.4 Order of Shooting

- 4.4.1 The archer must nock, pre-draw, draw and aim in a manner keeping the arrow pointed safely towards the target, below the top of the backstop curtain, and away from the floor at all times.
- 4.4.2 Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 10 meters.
- 4.4.3 Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 15 meters.
- 4.4.4 Archers will have 2 minutes to shoot each 5-arrow end. This includes any bounce-outs or dropped arrows- it is the coaches' responsibility to make sure archers know to signal for another arrow.
- 4.4.5 Dropped arrows will be left on the floor and replaced by a range official.
- 4.4.6 An arrow that bounces off the target may be shot again, as instructed by range officials.
- 4.4.7 An arrow that reaches the target line without hitting the target is considered a shot rather than a dropped or bounced-out arrow and will be scored zero points.
- 4.4.8 If the archer's draw weight and draw length aren't sufficient to perform on par with other archers in the tournament, the archer may be removed. Shot arrows that fail to reach or stick in the target butts are symptomatic of insufficient performance.
- 4.4.9 After shooting the last arrow, the archer must immediately leave the shooting line, rack the bow, and return behind the waiting line. This is NASP®-specific range management protocol.
- 4.4.10. A lost vane, arrow rest damage or failure, broken nock - if any occur during the release of an arrow and that arrow makes it to the target line and doesn't bounce off the target, is scored as a shot arrow.

5. Coaching

- 5.1 All teams and archers competing as individuals must be accompanied by a BAI certified NASP® coach, employed by the school, while on the shooting line.
- 5.2 A team shall have no more than 3 coaches in Coaches Alley during the flight. Archers competing as an individual may have 1 coach in Coaches Alley.
 - 5.1.1. Any coach in Coaches Alley is encouraged to dress in a manner that will enable them to be easily associated with their team and clearly identifies them as a NASP® coach.
- 5.3. Coaches of special needs archers may be allowed (with prior approval of range officials) to stand with the archer on the shooting line. However, they must do so safely and without distracting the other archers.
- 5.4. Coaches may communicate with the archers on the shooting line; however, they must do so without distracting the other archers.

6. Scoring:

- 6.1 Only archers and tournament officials will be allowed downrange of the waiting line.
- 6.2 All arrows should be scored before any arrow or the target's face is touched.
 - 6.2.1 Moving the target face to affect an arrow's score is a violation of 6.2.
 - 6.2.2 Moving or pushing an arrow into the target face to affect an arrow's score violates 6.2.
- 6.3 Beginning in the center of the target, scoring rings are 10, 9, 8, 7, 6, 5, 4, 3, 2, & 1.
 - 6.3.1 An arrow **shaft** touching a scoring ring line is awarded the higher point value.
 - 6.3.2 An arrow outside all scoring rings is awarded '0' points.
 - 6.3.4 The 'X' ring in the center of the 10 is simply scored as a 10.
 - 6.3.5 An arrow that 'robin-hoods' (sticks in the back of another arrow) arrow receives the value of the arrow in the target.
 - 6.3.6 An arrow that deflects off another arrow and sticks in the target is scored where it sticks.
 - 6.3.7 An arrow that deflects off another arrow and fails to stick in the target is treated as a bounce out.
 - 6.3.8 An arrow that skips off the floor and imbeds in the target is scored where it sticks.

- 6.3.9 An arrow that skips off the floor and bounces off the target is treated as a bounce out.
- 6.4 Each lane should have two archers, one in the **left** half of the lane and the other in the **right** half of the lane.
- 6.5 Scannable (bubble-type) scorecards will be used. Archers should practice with this type of scorecard before coming to the tournament. [Go to www.georgiawildlife.com/nasp](http://www.georgiawildlife.com/nasp) for a practice scorecard.
- 6.6 Both archers' scorecards will be on the same clipboard.
- 6.7 Both archers will walk to the target in their lane to record arrow scores.
- 6.7.1 One or both archers may approach the target face to score arrows.
- 6.7.2 **OFFICIAL SCORING PROTOCOL:** One archer will **CALL** and **BUBBLE** the **other** archer's arrow.
- 6.7.2.1. The scorecard will be modified to have a "Check-Box" to the right of each 5-arrow end.
- 6.7.2.1.1. The archer should check this box indicating he or she has examined each 5-arrow end to make sure the score has been correctly entered.
- 6.7.2.1.2. Also check to assure that **ALL ARROW VALUES** are bubbled.
- 6.7.3 Then the archers will reverse roles.
- 6.7.4 If archers cannot agree on an arrow's score, a range official must be asked for the final decision.
- 6.7.5 Only range officials may have erasers on the range. If the archer needs a score erased, the official will perform the task. The lane official will document such action on the back of the scorecard.
- 6.7.6 After both archers are satisfied that arrow values have been accurately recorded, scores are considered final.
- 6.7.7 One archer will move safely behind the Target Line while the other archer pulls his own arrows.
- 6.7.8 Then the archers will reverse positions, one behind the Target Line while the other pulls her own arrows.
- 6.7.9 At the conclusion of the flight both archers must sign the scorecard.
- 6.7.9.1. If an archer fails to sign his or her scorecard, the scorecard will be considered approved and final.
- 6.7.9.2. The archer represented by the unsigned scorecard will not be disqualified for neglecting to sign.
- 6.8 An archer's score may only be counted for a single team. The score will also be used to determine the archer's individual placement.
- 6.9 Range officials will gather signed scorecards after each flight at the target.
- 6.10 Disqualification will occur if an archer takes the scorecard up-range of the 10-meter shooting line or to the coach or another unofficial person(s).
- 6.11 Score cards without shooter numbers properly bubbled in will not be scored. An automatic disqualification will occur.
- 6.12 Scorecard deficiencies may be found in the scoring room:
- 6.12.1 Scorecard has more than one value on a scoring line. The higher value will be erased.
- 6.12.2 Scorecard has more than one value on a scoring line but there is a blank line among the 5 scoring lines. One of the double values will be moved to the blank line.
- 6.12.3 A scoring line is blank. Except in 6.12.2 above, the blank line will be scored zero.
- 6.13 If an archer observes another recording a false score a range official **must** be alerted.
- 6.14 Summation of the team's highest 12 individual scores, with at least 4 of both genders, will comprise the team score.

7. Ties will be broken

- 7.1 Individual Ties
- 7.1.1 First by the computer by comparing total score, then # of 10's, 9's, 8's, and so on.
- 7.1.2 If necessary, a shoot-off will take place prior to the awards ceremony. Archers should **KEEP THEIR BOW NEAR BY!** Archers absent for tie breaking will be awarded the lower rank.
- 7.1.3 Tied individuals will shoot a 5-arrow warm-up end at 15 meters.
- 7.1.3.1 Then a 5-arrow end competitive end at 15 meters.
- 7.1.3.2 If the tie persists, a single arrow shot from 15 meters, closest to the middle of the target's center will break the tie.
- 7.2 Team Ties

7.2.1 Team ties, if they occur, will be broken.

2019 NASP®/IBO Georgia 3D Challenge Rules

All preceding rules, procedures and penalty fines for Georgia Qualifiers and Tournaments are in effect for the Georgia NASPS 3D Challenge. It is the coaches' responsibility to know and understand these rules/procedures and to inform administration and parents.

1. Competitive Format

NASP® competitions are designed to be extensions of the in-school curriculum. Tournaments emphasize safety, sportsmanship, and indoor application.

1.1. Range Set-Up

- 1.1.1. Each range will have 6 shooting lanes and 6 targets, 1 target per lane.
- 1.1.2. Targets will be placed along a diagonal line ranging in distance from 10 meters (32' 10") to 15 meters (49' 2") from the shooting line. Target 1 will be approximately 10 meters from the shooting line and target 6 will be approximately 15 meters from the shooting line. Targets 2, 3, 4 and 5 will be between targets 1 and 6.
- 1.1.3. The 10-meter target will be a turkey. The 15-meter target will be a mountain sheep. Between 10 meters and 15 meters, at increasing distances, will be a coyote, bear, pronghorn antelope, and deer. All targets are manufactured by Rinehart and available for purchase on the NASP® website. **Each target may be facing right or left in order that both sides of the target insert is used. Targets may be shot from the shortest distance to the longest; or from the longest distance to the shortest, depending on individual range layout.**
- 1.1.4. The diagonal target line will be approximately 3 yards or meters from the targets.
- 1.1.5. The single, straight or horizontal shooting line, will be divided into 6, 5-foot-wide shooting lanes, each accommodating 2 archers.
- 1.1.6. The waiting line will be at least 4-5 yards or meters beyond the 15-meter shooting line.
- 1.1.7. A 'Coach's Alley' will be delineated between the waiting line and spectators.
 - 1.1.7.1. Only three coaches from each team may be in the coach's alley.
 - 1.1.7.2. We encourage alley coaches to be seated as much as possible to prevent blocking the view of spectators in the audience.
 - 1.1.7.3. Coaches in the alley must wear credentials provided at registration (wrist strap, etc.)
 - 1.1.7.4. For teams, at least one coach must be immediately available and located with his or her team while the team is shooting in case issues must be resolved. Coaches must display positive sportsmanship while in this alley.
- 1.1.8. Spectator seating will be placed as close as possible behind the waiting line.
- 1.1.9. Shooting lines will support 5-foot-wide shooting lanes accommodating 2 archers per lane.
 - 1.1.9.1. The shooter's label will indicate with "Left" or "Right" which half of the 5' wide shooting lane each archer is assigned.
 - 1.1.9.1.1. Crowding across the middle of the lane is considered unsportsmanlike conduct.
 - 1.1.9.2. Shooters occupying a lane will be from different schools where possible.
 - 1.1.9.3. Solo shooters will be combined where possible to promote integrity.

1.2. **Whistle Signals: NASP® whistle commands will be used to operate the range.**

- 1.2.1.5+ whistles for an emergency
- 1.2.2.2 whistles to 'get bow'
- 1.2.3.1 whistle to 'shoot'
- 1.2.4.3 whistles to 'go get arrows'

1.3. **Arrow Handling and Movement About the Range: NASP® safety rules must be followed.**

- 1.3.1. Archers must walk when moving about the range.
- 1.3.2. Archers must have one foot on each side of the shooting line with 'bows on toes' before shooting begins.
- 1.3.3. While shooting, the archer must straddle the shooting line with the non-target foot behind the back edge of the shooting line. NO PART of the shooting line will be covered by the archer's foot.
- 1.3.4. The tournament-provided arrow quiver must be placed ON the shooting line in FRONT of the archer.
- 1.3.5. Shooter and quiver must remain in each archer's half of the assigned lane when on the shooting line.
 - 1.3.5.1. Crowding across the middle of the lane, or into an adjacent lane, is considered unsportsmanlike conduct. Crowding is defined as any part of the archer's body or equipment extending past the 30-inch area assigned to the archer.
 - 1.3.5.2. The quiver must remain on the shooting line and within 30-inch area assigned to the archer.
- 1.3.6. While both archers may approach the target when scoring, only one archer may remain at the targets when arrows are pulled. The other archer must be safely behind the target line while arrows are being pulled from the target.
- 1.3.7. Archers must remain on their feet (standing) and off their knees when pulling arrows.
- 1.3.8. Arrow points must be covered with one hand and shafts grasped below the vanes with the other hand when walking with arrows.

1.4. **Order of Shooting**

- 1.4.1. Archers will shoot one practice end of 5 arrows at the target placed in their shooting lane.
- 1.4.2. Archers then shoot the first scored end of 5 arrows at this same starting target.
- 1.4.3. After shooting and scoring an end of 5 arrows, the archer will move the scorecard **from left to right**, to the **target line** at the next target and move arrows to the next quiver. When the archer comes to the right end of the range and has not yet shot all 6 targets, the archer will move to the opposite end of the 6-target range and continue shooting and moving to the right until the flight concludes.

Schematic for NASP® IBO 3D Challenge

Each range (2 below) contains 5, 5' wide lanes, 2 archers/lane and one 3D target

- 1.4.4. Archers will have 2 minutes to shoot each 5-arrow end.
- 1.4.5. Dropped arrows will be left on the floor and replaced by a range official.
- 1.4.6. An arrow that bounces off the target may be shot again as instructed by range officials.
- 1.4.7. An arrow that reaches the target line without hitting the target is considered a shot rather than a dropped or bounced-out arrow and will be scored zero points.
- 1.4.8. If an archer is unable to safely use the equipment and follow range protocols that archer may be removed from the competition.
- 1.4.9. If the archer's draw weight and draw length aren't sufficient to perform on par with other archers in the tournament the archer may be removed. Shot arrows that fail to reach or stick in the target butts are symptomatic of insufficient performance.
- 1.4.10. After shooting the last arrow the archer must immediately leave the shooting line, rack the bow, and return behind the waiting line. This is NASP®-specific range management protocol.
- 1.4.11. Lost vane, arrow rest damage or failure, brokennock - if any occur during the release of an arrow and that arrow makes it to the target line and doesn't bounce off of the target, it is a shot arrow.
- 1.4.12. If during a tournament there is a delay in shooting exceeding 10 minutes, the tournament director has the discretion to allow archers to shoot 5 practice arrows at the target they are on prior to restarting the scoring ends. Examples of a delay could be but not limited to: (Indoor) power outage, fire alarm or medical emergency. (Outdoors) Weather such as heavy rains or lightning.

1.5. Coaching

- 1.5.1. All teams and archers competing as individuals must be accompanied by a BAI certified NASP® coach, employed by the school, while on the shooting line.
- 1.5.1.A team shall have no more than 3 coaches in Coaches Alley during the flight. Individual groups may have 1 coach in Coaches Alley.
- 1.5.2. Coaches of special needs archers may be allowed (with prior approval of range officials) to stand with the archer on the shooting line. However, they must do so safely and without distracting the other archers.
- 1.5.3. Coaches may communicate with the archers on the shooting line. However, they must do so without distracting the other archers.

2. Scoring:

- 2.1. Only archers and tournament officials will be allowed downrange of the waiting line.
- 2.2. All arrows should be scored before any arrow or the target's face is touched.
 - 2.2.1. Moving or pushing an arrow into the target to affect an arrow's score violates **2.2.**
- 2.3. The scoring rings are 10, 9, & 8. Any arrow outside the 8-ring but on the animal, is scored a 7. Arrows in the horns (sheep & antelope), antlers (deer), or stump (turkey) are scored zero.

- 2.3.1. An arrow **shaft** (not the hole) touching a scoring ring line is awarded the higher point value.
- 2.3.2. An arrow scores zero (0) points if:
 - 2.3.3. If the arrow misses the target.

- 2.3.4. If the arrow deflects off and **past** the target. (A deflection back towards the archer is a bounce out and a replacement arrow may be shot.)
- 2.3.5. An arrow that 'robin-hoods' (sticks in the back of another arrow) receives the value of the arrow in the target.
- 2.3.6. An arrow that deflects off another arrow and sticks in the target is scored where it sticks.
- 2.3.7. An arrow that deflects off another arrow and fails to stick in the target is treated as a bounce out.
- 2.3.8. An arrow that skips off the floor and imbeds in the target is scored where it sticks.
- 2.3.9. An arrow that skips off the floor and bounces off the target is treated as a bounce out.
- 2.3.10. An arrow that sticks in the target but falls completely out as shooting continues is treated as a bounce-out and a replacement arrow may be shot
- 2.4. Each lane should have two archers, one in the **left** half of the lane and the other in the **right** half of the lane.
- 2.5. Scannable (bubble-type) scorecards will be used. Archers should practice with this type of scorecard before coming to the tournament.
- 2.6. Both archers' scorecards will be on the same clipboard.
- 2.6.1. The clipboard will be placed on the target line.
- 2.6.1.1. The clipboard may be placed anywhere on the target line within the archers' lane.
- 2.7. Both archers will walk to the target in their lane to record arrow scores.
- 2.7.1. One or both archers may approach the target face to score arrows.
- 2.7.2. **OFFICIAL SCORING PROTOCOL:** One archer will CALL and BUBBLE the other archer's arrow.
- 2.7.2.1. The scorecard will be modified to have a "Check-Box" to the right of each 5-arrow end.
- 2.7.2.1.1. The archer should check this box indicating he or she has examined each 5-arrow end to make sure the score has been correctly entered.
- 2.7.2.1.2. Also check to assure that ALL ARROW VALUES are bubbled.
- 2.7.3. Then the archers will reverse roles.
- 2.7.4. If archers cannot agree on an arrow's score, a range official must be asked for the final decision.
- 2.7.5. Only range officials may have erasers on the range. If the archer needs a score erased, the official will perform the task. The lane official will document such action on the back of the scorecard.
- 2.7.6. After both archers are satisfied that arrow values have been accurately recorded, scores are considered final.
- 2.7.7. One archer will move safely behind the Target Line while the other archer pulls his own arrows.
- 2.7.8. Then the archers will reverse positions, one behind the Target Line while the other pulls her own arrows.
- 2.7.9. At the conclusion of the flight both archers must sign the scorecard.
- 2.7.9.1. If an archer fails to sign his or her scorecard, the scorecard will be considered approved and final.
- 2.7.9.2. The archer represented by the unsigned scorecard will not be disqualified for neglecting to sign.
- 2.8. Scorecard deficiencies may be found in the scoring room:
- 2.8.1. Scorecard has more than one value on a scoring line. The higher value will be erased.
- 2.8.2. Scorecard has more than one value on a scoring line but there is a blank line among the 5 scoring lines. One of the double values will be moved to the blank line.
- 2.8.3. A scoring line is blank. The blank line will be scored zero. Exception see 2.8.2
- 2.9. An archer's score may only be counted for a single team. The score will also be used to determine the archer's individual placement.
- 2.10. Range officials will gather signed scorecards after each flight at the target.
- 2.11. Disqualification may occur if an archer takes the scorecard up-range of the shooting line or to the coach or other unofficial person(s).
- 2.12. If an archer observes another recording a false score a range official **must** be alerted.
- 2.13. Summation of the team's highest 6 individual scores, with at least 2 of both genders will comprise the team score.
