## The Archery Way Competing with Honesty and Integrity

*As archers, we strive to shoot our best while competing with integrity. Honesty is an expectation, sportsmanship and composure, an obligation. We encourage others and understand our responsibility to self-officiate and protect the field with an overall goal of bringing the archery way into everyday life.*

# **NASP® GEORGIA TOURNAMENT SANCTIONED RULES & PROTOCOLS**

**New for 2021:** Except for inconsequential language edits, rule changes are in yellow highlights.

- The NASP® logo is a registered trademark and may only be used on t-shirts, banners, or any other items, with written permission from NASP®.
- The eligibility of all NASP® educational systems, traditional and non-traditional, to combine, or have students shoot for a higher grade, now falls under the small school rule. Information concerning these changes is also highlighted in yellow. The goal of NASP® is to establish guidelines where schools, regardless of size, would be allowed to create teams fairly and equitably compared to other teams.

## **1. NASP® Participation - All District Tournaments, Regional Qualifier and State Championship.**

*To maximize the number of students who will discover their aptitude and interest for archery, NASP® is an in-school program. Because of this 77% of NASP® students first shot archery while taking lessons at their school. NASP® emphasizes team participation in order to maximize the number of students who will participate and to promote positive social interaction among students and faculty.*

*NASP® safety protocols must be followed by all NASP® schools and teams to preserve the experience for current and future students.*

**1.1. Definition of NASP® School** - A NASP® school is one that adheres to the training, equipment, safety requirements and protocols followed by NASP®. A traditional School is a building or set of buildings designated as a SCHOOL by the State/Province Department of Education. Traditional schools include public or private schools where students come together to receive all their education, in one location, from a multilevel supervisory staff of educators, supervisors, and administrators. Nontraditional education includes, on-line, homeschool, or any remote education program. For non-traditional education students the school will be defined as the student's county of residence.

1.1.1. School lessons must be presented by NASP® certified faculty or volunteers.

1.1.2. At least one coach of the team must be NASP® certified.

1.1.3. Only NASP® certified teachers or coaches may register student archers for tournaments.

1.1.4. Equipment requirements and range protocols must be followed.

1.1.4.1. Only the standard Genesis bow & Easton 1820 arrows may be used during NASP® class or on a NASP® range.

1.1.4.2. NASP® range specification and design must follow training provided in the NASP® Basic Archery Instructor's course.

1.1.4.3. Failure to follow these protocols make the school ineligible to participate in NASP® tournaments. Failure to follow safety protocols such as bows, arrows, and curtain use, may also result in de-certification of the NASP® certified teacher or coach.

1.1.5. A traditional school must compete under their official school name as listed by the State/Province Department of Education.

1.1.5.1. Nontraditional (Virtual, On-line, Homeschool or any remote education program) school teams will represent a single county. There will be one "School" per county. All nontraditional students in that county will be considered students of that one school.

1.1.5.2. All NASP® archers on a nontraditional school team must reside in the county the school represents.

1.1.5.3. The "School" will be named by the state abbreviation, then county name. (Example: GA Fulton School).

1.1.5.4. Just like traditional (public or private schools) the nontraditional school may not have more than one team per division (excludes District Tournaments).

1.1.5.5. Nontraditional "Schools" must contact their State NASP® Coordinator to inform the Coordinator of their intent to form a NASP® archery team and be assigned a county team name. Nontraditional teams may be required to submit documentation that all students on their team reside in the same county. State Departments of Education maintain lists of traditional (public and private) schools that coordinators can

use to determine valid schools. Nontraditional groups are not included on these lists. This will allow Coordinators to validate and be aware of nontraditional groups and their NASP® archery teams.

- 1.2. **In School Requirement** - Every archer must attend a school that conducts NASP® lessons during normal school hours.
  - 1.2.1. NASP® lessons must be conducted as part of the in-school curriculum, a minimum of 10 hours per school, per year. In school archery lessons must be offered to one full grade level or class that the full grade level is enrolled in for a single school year.
  - 1.2.2. In-school lessons are the priority in NASP®. Ideally these lessons should be thorough enough for the student to enjoy a safe and motivational experience.
  - 1.2.3. Examples of how this might occur include:
    - 1.2.3.1. At least 10, different archery classes of 1 hour each – daily for 2 weeks, twice weekly for 5 weeks, etc.
    - 1.2.3.2. At least 5 classes per day of 1-hour each, for 2 different days.
  - 1.2.4. When a school meets or exceeds this minimum, even if not every student in the school takes the archery class, EVERY student in the school is considered eligible for NASP® tournaments. It is expected that even those who do not take the in-school instruction, will be provided safety and shooting form instruction if they join the FOLLOW-UP archery club or team before they attend a NASP® tournament.
  - 1.2.5. All nontraditional schools must present the NASP® lessons (as described in section 1.2.) as a portion of an in-school classroom curriculum, such as in Physical Education or Agricultural Education. These in-school NASP® lessons must be offered/available to all nontraditional students in the county. To meet the same requirement as traditional schools, instruction must include sections defined in 1.2.7. Physical Education and/or Agricultural Education classes must be stand alone classes and NASP be a portion of the subject matter taught in the class.
  - 1.2.6. Prior to participating in any NASP® competitions during a school year, the head coach for a school's team (or other coach associated with the school for tournament purposes) will be required to log in to the School Manager for the school. This coach will be required to acknowledge that they understand the in-school teaching requirement and commit to making sure that the requirement is met.
  - 1.2.7. Classroom lessons must include at least the following subject material:
    - 1.2.7.1. Determine eye dominance
    - 1.2.7.2. String Bow® used to teach Eleven Steps to Archery Success®
    - 1.2.7.3. Safety Orientation and shooting of bows and arrows on a NASP® range.
  - 1.2.8. After-school-only archery programs or clubs for traditional or nontraditional schools are ineligible.
- 1.3. **Divisions within NASP® Schools:** NASP® Divisions are defined as.... Elementary School division, grades 4 and 5. Middle School division, grades 6, 7, and 8. High School division, grades 9, 10, 11, 12.
  - 1.3.1. If schools with similar names but at separate address such as the 'North Middle School and North Elementary School' even if in the same district, they are separate schools and may not mingle shooters on teams.
    - 1.3.1.1. Except: If elementary grades (4th & 5th) are not in the same school the schools where the two grades are found may combine students to form elementary teams. Example: this could be a school with K-4 and a school combining with a 5-8 or 5-12 school.
    - 1.3.1.2. Except: If middle school grades (6-8) are not in the same school the schools where the three grades are found may combine students to form middle school teams. Example: this could be a K-6 school combining with a 7-8 or 7-12 school.
    - 1.3.1.3. Except: If high school grades (9-12) are not in the same school the schools where the four grades are found may combine students to form high school teams. Example: this could be a school with 9-10 combining with an 11-12 school.
    - 1.3.1.4. Where divisions are split between traditional schools the enrollment numbers of both schools apply to eligibility of the small school rule.
- 1.4. **Eligible grades** - Only students who are in grades 4-12 by the date of the tournament may participate.
  - 1.4.1. A student at any NASP® school who has graduated early during the current school year may, at the discretion of the school Principal, participate.

1.4.2. A student who no longer attends a NASP® school due to having moved, promoted, etc. is ineligible to participate in tournaments until/unless the student's new school joins NASP® and may then only represent their NEW school.

1.5. **Number of archers per team** - NASP® archery teams must contain 12-24 students, at least 4 of which must be of the opposite gender.

1.6. **Small School** – If a NASP® school has a total student enrollment of less than 150 students, the school may add students from another competitive division within their school or from a competitive division at another NASP® participating school in the same city, county, or school district (*District schools within their same county*). Eligibility to combine under the small school rule, for traditional schools, is determined by official school enrollment numbers from the state or school administration. For nontraditional education (on-line, virtual, homeschool, etc.) schools, eligibility is determined by the total number of nontraditional students that reside in the county. It is the responsibility of the BAI making the “small school request” to provide nontraditional student numbers by grade for the county.

1.6.1. A school with 150 students (or more) enrolled may not add archers to their team.

1.6.2. If a student shoots up for a higher division team (as allowed by above), that student will be competing for team rank in that older division but retain individual rank according to the archer's actual grade.

1.6.3. Unless utilizing this “small school rule”, students may only shoot on a team at the NASP® school they attend.

1.6.4. A request to “shoot-up” to the State/Provincial coordinator must include school enrollment numbers by grade for all schools involved.

1.7. NASP® is a school program. If a school administration deems a student unsuited to represent the school, NASP® will abide by the decision. Ineligibility generally occurs when a student has been disciplined or for academic reasons.

1.8. If a student archer is disqualified for cheating at a NASP sanctioned tournament, the student is ineligible to participate in any NASP® competition until such time the student has regained good standing in his or her school.

## 2. **NASP® Georgia Sanctioned Tournament Registration Protocols**

2.1. In addition to # 1.1 - 1.9. above.

2.1.1. A qualified team(school/division) may register to participate in multiple districts. More than one (1) team can participate from a school in each division. Only one (1) team from each school/division may participate in the Regional Qualifier.

2.1.2. Participation is not guaranteed in any event.

2.2. Substitutions are permitted for these events. Substitutes may be students that did not participate in Districts or the Regional Qualifier, but they must meet the criteria defined in section 1.

2.2.1. If a school sent multiple teams to the district tournaments, they may recombine archers from these teams for the Regional Qualifier. **Not applicable to entire school districts/systems.**

If a school sent multiple teams to the national tournament, they may recombine archers from these teams for the Open and Championship tournaments. **Not applicable to entire school districts/systems.**

2.3. Additional registration information, schedule of times and tiers will be listed at [www.nasptournaments.org](http://www.nasptournaments.org)

## 3. **Equipment - Only equipment specified for use in NASP® may be used in the tournament.**

*NASP® equipment has been selected to be as universal-fit as possible to make administration of the program most suitable for in-school teaching. The program would be too complicated if multiple bows, arrows, and accessories were allowed. Tournaments follow in-school program design as closely as practical.*

3.1. If after the 10-meter practice end begins an archer is found to be using disallowed equipment, the archer will be disqualified.

3.2. Archers are to be at their assigned area 15 minutes prior to their flight times, with their equipment ready.

3.3. **Bows:**

3.3.1. Only the stock (original) unmodified Genesis™ bow approved for NASP® may be used, except for allowances described below.

3.3.2. When called by the announcer archers will place bows on the provided racks for inspection. Once inspected, the bow must remain on the range unless a repair is needed and approved by a lane official.

3.3.3. The Genesis Mini, Pro, and GenX are disallowed for use in NASP®.

- 3.3.4. The bow's axle-to-axle length, measured from the center of each axle, must be no shorter than 35.25" and no faster than 145 fps.
- 3.3.5. The bow's grip must be in place and unmodified. Changing the shape by removing material or adding material, including tape is prohibited. The grip may be painted for personalization. However, paint used must be "color only". The use of paint with added texture material or paint that dries with a multi-texture finish (including but not limited to those designed as bed liner material) is disallowed.
- 3.3.6. Only tied on or heat shrink nock locators may be used.
  - 3.3.6.1. There may be up to one nock locator above and below the arrow nock.
  - 3.3.6.2. If using two nock locators, the gap between them must be 1-1.5 nock widths. The archer must nock the arrow between the 2 nock locators.

**If 2 nocking points, the arrow nock must be placed between them.**

- 3.3.6.3. If using one nock locator, the archer must nock the arrow below and touching the nock locator.
- 3.3.6.4. If desired, a tied-on nock locator may be used directly above and against the original shrink tube locator that comes on the bow to maintain its position, as a quick or temporary fix.
- 3.3.6.5. Brass nock locators are prohibited for safety reasons.
- 3.3.6.6. Instructions for tying on a nock locator are available @ [www.naspschools.org](http://www.naspschools.org)
- 3.3.7. The bow must be sight and sight-mark free.
  - 3.3.7.1. Tape, paint, or "sharpie" to cover sight marks may be applied to the face of the sight window at a point starting at the top of the bow's grip and running at least 6" up the face of the sight window towards the top limb. Any tape used must be a single piece of tape applied vertically to the face of the sight window only. **Single piece, solid color, die cut stickers that match the shape of the sight window are also permitted.** Wrapping tape around the riser is prohibited.
  - 3.3.7.2. Camouflage bows may be used, but the face of the sight window must be covered to prevent camouflage lines serving as sight marks.

- 3.3.7.3. Any tape, paint or sticker used to cover sight marks must remain throughout the competition.
  - 3.3.7.3.1. Archers and coaches should comply with this rule before their flight time.
  - 3.3.7.3.2. If sight marks are discovered the archer or coach will be asked to cover them.
- 3.3.8. The outside and inside of the sight window must be kept free of any raised edges, such as tape, stickers or logos.
- 3.3.9. The bow must be free of draw stops or stabilizers
- 3.3.10. The bowstring and cables may be 'after-market' but of the same approximate length **and diameter.**
- 3.3.11. The standard cable guard, slide (black only), wheel, cam, bearings, riser, and limbs must be original and unmodified.

3.3.12. A bow may have the Morrell Manufacturing draw weight gauge mounted on the riser. For determining turns of limb bolts for draw weight setting.

3.3.13. A bow may be personalized by painting, stickers, et cetera, but without sight-marks.

3.3.13.1. Temporarily attaching carabineers or other devices to the bow during any flight is prohibited.

3.3.13.2. Wrapping tape around both limbs to “join them” is disallowed.

3.3.14. The arrow rest must be the standard NASP® flipper rest that comes on the Genesis bow. A rest arm that is missing the sleeve or bent is acceptable. The sleeve may be original, absent, or replaced with heat shrink tubing similar to the original rest arm sleeve.

3.3.15. The bow's draw weight must remain unchanged throughout the flight after the 1st scored arrow is shot at 10 meters.

3.3.16. Except for malfunction, bows must remain downrange of the waiting line once shooting begins.

3.3.17. Except for major malfunction the same bow must be used throughout the competition.

3.3.18. A non-compliant bow will be removed from the competition until it is restored to a compliant condition by the head coach. This must be completed before that archer begins competition.

3.3.19. Archers are expected to bring their own NASP® bows.

3.3.20. Coaches should be prepared to complete timely repairs if necessary (spare arrow rest, serving material or spare bow). The tournament will remain on schedule.

#### 3.4. Arrows:

3.4.1. Only the original Easton aluminum 1820 arrows approved for NASP® may be used.

3.4.2. Archers provide personal arrows. They must be official NASP® arrows.

3.4.3. There should be a readily accessible supply of replacement arrows on hand and must be managed by a school coach in the coaches' alley. Once the flight begins all arrows will remain forward of the waiting line unless being replaced.

3.4.4. Arrow nocks must be the Easton N nocks currently used by Easton in the production of the 1820 aluminum Genesis arrows.

3.4.5. Arrow points must be the NASP® standard; glue-in, cone shaped and weighing 60 grains.

3.4.6. Arrow vanes must be 3 soft plastic, 2.5-3.0” long and between .4-.6” in height and attached to the shaft or wrap with a straight off set of approximately 1.5 degrees. Vanes may be of any brand or shape but must be within the listed dimensions

3.4.6.1. New Archery Products (NAP), the maker of the Genesis bow arrow rest, has developed a replacement vane system for NASP®. This system will be permitted in NASP® schools and tournaments. It meets our dimension specifications outlined in 3.4.8. above. It is called “NASP® SPEEDFLETCH (patents: 7,955,2901 & 6,142,896). This vane system will have the NASP® logo marking the index vane.

3.4.7. Personal arrows must have vanes marked for identification.

3.4.8. The arrow shaft may be marked, crested, wrapped, or taped above the mid-point (towards the nock) for identification. The crest (NASP-Genesis label) must remain visible and readable.

- 3.4.8.1. An arrow wrap is a small piece of unweighted self-adhesive vinyl that is wrapped around the rear of the arrow to coat the shaft in a very low weight plastic sleeve. The function of an arrow wrap is to provide an excellent surface for vane adherence.
- 3.5. **Accessories:** Very few accessories are allowed in NASP®
- 3.5.1. Archers may wear finger tabs, tape, or gloves to protect draw-hand fingers. This includes “5-finger” gloves like golf and batting gloves. Unmodified golf or batting gloves may also be worn on the bow hand. **Finger tabs designed for anything other than finger protection, including markings, are disallowed.**
- 3.5.2. Finger protection devices similar to the “No Glove” and devices made by other manufactures may be placed on the bowstring, but these must be without locator buttons (also known as kissers buttons) discs or aiming aids.
- 3.5.3. Heat shrink tubing may be placed on the bowstring to reduce finger strain, but the tubing must cover the entire center serving above and below the nock locator(s).
- 3.5.4. Archers may wear arm guards and chest protectors.
- 3.5.5. Archers may wear eye patches, glasses, or tape on glasses.
- 3.5.6. Finger or wrist slings are allowed.
- 3.5.6.1. **Wrist slings may be attached with standard bolt (one inch or less in length) with a head size not to exceed 1/2" X 1/2" (one half inch thick, one half inch wide).**
- 3.5.6.2. **Any mounts or brackets used for a wrist sling must be non-rigid and may extend no more than 1/2" (one half inch) in any direction from the riser.**
- 3.5.6.3. **A Leather “yoke” may be used to attach the sling to the bow, but a metal yoke would be considered rigid and disallowed.**
- 3.5.6.4. Finger slings are only to be put in place once the 1 whistle command to shoot is provided.
- 3.5.7. Mechanical release aids are prohibited.
- 3.5.8. The bow must remain free of any devices designed to dampen vibration.
- 3.5.9. Potential special allowances for physically challenged archers are evaluated on a case-by-case basis. While participation by the challenged archer is important, other competitors must not be negatively impacted. Commonly approved allowances include:
- 3.5.9.1. Wheelchairs are permitted if needed.
- 3.5.9.2. In the case of hearing or visually impaired archers, a coach or parent may provide assistance at the shooting line. A lane official must be alerted before shooting begins.
- 3.5.9.3. Mouth tabs are permitted for archers whose physical challenges make drawing the bowstring impossible.
- 3.5.9.4. Archers who use crutches may shoot from a chair or have coach assistance to stand.
- 3.5.10. **Emotional Support animals will be allowed by NASP® in the spectator area of the event (if permitted by the host facility). Emotional support animals must stay off NASP® ranges. If the animal creates a distraction of any type to the participants or spectators, the handler will be asked to remove the animal from the spectator area and possibly from the facility.**
- 3.6. At official discretion, any bow, arrow, or accessory may be subjected to inspection, including dismantling and weighing. Anyone found using disallowed equipment or modifications will forfeit awards and be disqualified. Disqualification will affect their team's rank.

#### 4. **Competitive Format**

*NASP® competitions are designed to be extensions of the in-school curriculum. Tournaments emphasize safety, sportsmanship, and indoor application.*

##### 4.1. **Range Set-Up:**

- 4.1.1. Target butts will be placed directly on the floor (or factory bases) similar to the height of school butts.
- 4.1.2. Target faces will be placed on the target butts so that the bottom edge is touching the floor or as close to the floor as possible.
- 4.1.3. Targets faces (paper) will be NASP® 80 cm FITA face with 10 scoring rings.
- 4.1.4. The target line will be approximately 2 yards or meters from the target butts.
- 4.1.5. There will be 10-meter (32' 10") and 15-meter (49' 2") shooting lines.

- 4.1.6. The waiting line will be at least 4-5 yards or meters beyond the 15-meter shooting line.
- 4.1.7. A 'Coaches' Alley' will be delineated between the waiting line and spectators. Only Coaches with the appropriate wrist band or tournament credentials are permitted in Coach's alley.
- 4.1.8. Spectator seating will be placed as close as possible behind the waiting line.
- 4.1.9. Shooting lines will support 5-foot-wide shooting lanes accommodating 2 archers per lane.
  - 4.1.9.1. The shooter's label will indicate which half of the 5' wide shooting lane, "Left" or "Right" each archer is assigned.
    - 4.1.9.1.1. Placement of any items or marks on the floor or target as a reference or aiming point is prohibited.
  - 4.1.9.2. Shooters occupying a lane will be from different schools where possible.
  - 4.1.9.3. Solo shooters will be combined where possible to promote integrity.

**4.2. Whistle Signals:** NASP® whistle commands will be used to operate the range.

- 4.2.1. 5+ whistles for an emergency
- 4.2.2. 2 whistles to 'get bow'
- 4.2.3. 1 whistle to 'shoot'
- 4.2.4. 3 whistles to 'go get arrows'

**4.3. Arrow Handling and Movement About the Range:** NASP® safety rules must be followed.

- 4.3.1. Archers must walk when moving about the range.
- 4.3.2. Archers must have one foot on each side of the shooting line with 'bows on toes' before shooting begins.
- 4.3.3. While shooting, the archer must straddle the shooting line with the non-target foot behind the back edge of the shooting line. NO PART of the shooting line will be covered by the archer's foot.
- 4.3.4. The tournament-provided arrow quiver must be placed ON the shooting line in FRONT of the archer.
- 4.3.5. Shooter and quiver must remain in each archer's half of the assigned lane when on the shooting line. No part of the archers' body or the quiver may cover, or be past, their lane marks.
  - 4.3.5.1. Crowding across the middle of the lane, or into an adjacent lane, is unsportsmanlike conduct.
  - 4.3.5.2. Crowding is defined as any part of the archer's body or equipment extending past the 30-inch area assigned to the archer.

**Archers must remain entirely within their half of the lane.**

4.3.5.3. The quiver must remain on the shooting line and within 30-inch area assigned to the archer.

- 4.3.6. While both archers may approach the target when scoring, only one archer may remain at the targets when arrows are pulled. The other archer must be safely behind the target line while arrows are being pulled from the target.

**When pulling arrows, only one archer may be forward of the Target Line. All archers must remain standing.**

- 4.3.7. Archers must remain on their feet (standing or squatting) and off their knees when **scoring and** pulling arrows.

- 4.3.8. Arrow points must be covered with one hand and shafts grasped below the vanes with the other hand when walking with arrows.

#### 4.4. Order of Shooting:

- 4.4.1. The archer must nock, pre-draw, draw and aim in a manner that keeps the arrow pointed safely towards the target throughout the process. (below the top of the backstop curtain, and away from the floor).
- 4.4.2. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 10 meters.
- 4.4.3. Archers will shoot one practice end of 5 arrows and 3 scoring ends of 5 arrows at 15 meters.
- 4.4.4. Archers will have 2 minutes to shoot each 5-arrow end.
- 4.4.5. Dropped arrows will be left on the floor and replaced by a range official.
- 4.4.6. An arrow that bounces off the target may be shot again as instructed by range officials. Except for practice ends.
- 4.4.7. Replacement arrows, provided by the archer's coach, will only be provided for bounce outs on scoring ends. Practice bounce outs will remain as shot.
- 4.4.8. An arrow that reaches the target line without hitting the target is considered a shot rather than a dropped or bounced-out arrow and will be scored zero points.
- 4.4.9. If an archer is unable to safely use the equipment and follow range protocols that archer may be removed from the competition.
- 4.4.10. If the archer's draw weight and draw length are not sufficient to perform on par with other archers in the tournament, the archer may be removed. Shot arrows that fail to reach or stick in the target butts are symptomatic of insufficient performance.
- 4.4.11. After shooting the last arrow, the archer must immediately leave the shooting line, rack the bow, and return behind the waiting line. This is NASP®-specific range management protocol.
- 4.4.12. Lost vane, arrow rest damage or failure, broken nock - if any occur during the release of an arrow and that arrow makes it to the target line and doesn't bounce off of the target, it is a shot arrow.

#### 4.5. Coaching:

- 4.5.1. A team is limited to 3 coaches in Coaches' Alley during the flight. Individuals may have 1 coach in Coaches Alley.
- 4.5.1.1. Any coach in Coaches' Alley must have a coach's wrist band or tournament credentials identifying them as the appropriate NASP® coach.
- 4.5.1.2. At least one coach must be immediately available and located with his or her team lanes while the team is shooting in case they are needed. Coaches must display positive sportsmanship while in this alley.
- 4.5.2. Coaches of special needs archers may be allowed (with prior approval of range officials) to stand with the archer on the shooting line. However, they must do so safely and without distracting the other archers.
- 4.5.3. Coaches must withhold coaching and communication with their archer while the archer is on the shooting line. Such communication may only take place when the archer is up range of the waiting line.

#### 5. Scoring:

- 5.1. Only archers and tournament officials will be allowed downrange of the waiting line.

5.2. All arrows should be scored before any arrow or the target's face is touched.

5.2.1. Moving the target face to affect an arrow's score is a violation of 5.2.

5.2.2. Moving or pushing an arrow into the target face to affect an arrow's score violates 5.2.

5.3. Beginning in the center of the target, scoring rings are 10, 9, 8, 7, 6, 5, 4, 3, 2, & 1.

5.3.1. An arrow **shaft** touching a scoring ring line is awarded the higher point value. In the picture below the gold arrow is scored a 10 because the shaft touches the line. The blue arrow is a 9 because the shaft does not touch the scoring line, only the hole made by the shaft touches.

**The blue shaft is a "9".  
The gold shaft is a "10".**

5.3.2. An arrow outside all scoring rings is awarded '0' points.

5.3.3. If the target face is so shot up that the scoring ring cannot be determined, even by the lane official, the target face should be changed.

5.3.4. Paper faces will routinely be changed at the end of each flight. Paper faces will only be changed at the conclusion of an end if both coaches agree that the paper is too damaged for scoring purposes.

**This target face should be  
changed.**

5.3.5. The 'X' ring in the center of the 10 is simply scored as a 10.

5.3.6. An arrow that 'robin-hoods' (sticks in the back of another arrow) receives the value of the arrow in the target.

5.3.7. An arrow that deflects off another arrow and sticks in the target is scored where it sticks.

5.3.8. An arrow that deflects off another arrow and fails to stick in the target is treated as a bounce out.

5.3.9. An arrow that skips off the floor and imbeds in the target is scored where it sticks.

5.3.10. An arrow that sticks in the target but falls completely out as shooting continues is treated as a bounce-out and a replacement arrow may be shot

5.4. Each lane should have two archers, one in the **left** half of the lane and the other in the **right** half of the lane.

5.5. Scannable (bubble-type) scorecards will be used. Archers should practice with this type of scorecard before coming to the tournament. Go to [www.georgiawildlife.com/nasp](http://www.georgiawildlife.com/nasp) for a practice scorecard.

5.6. Both archers' scorecards will be on the same score board.

5.6.1. The score board will be placed on the target line.

- 5.6.1.1. The score board may be placed anywhere on the target line within the archers' lane.
- 5.7. Both archers will walk to the target in their lane to record arrow scores.
  - 5.7.1. One or both archers may approach the target face to score arrows.
  - 5.7.2. **OFFICIAL SCORING PROTOCOL:** One archer will CALL and BUBBLE the other archer's arrow.
    - 5.7.2.1. The scorecard has a "Check-Box" to the right of each 5-arrow end.
      - 5.7.2.1.1. The archer should check this box indicating he or she has examined each 5-arrow end to make sure the score has been correctly entered.
      - 5.7.2.1.2. Also check to assure that ALL ARROW VALUES are bubbled.
    - 5.7.3. Then the archers will reverse roles.
    - 5.7.4. If archers cannot agree on an arrow's score, a range official must be asked for the final decision.
    - 5.7.5. Only range officials may have erasers on the range. If the archer needs a score erased, the official will perform the task. The lane official will document such action on the back of the scorecard.
    - 5.7.6. After both archers are satisfied that arrow values have been accurately recorded, scores are considered final.
    - 5.7.7. One archer will move safely behind the Target Line while the other archer pulls his/her own arrows.
    - 5.7.8. Then the archers will reverse positions, one behind the Target Line while the other pulls his/her own arrows.
    - 5.7.9. At the conclusion of the flight both archers must sign the scorecard.
      - 5.7.9.1. If an archer fails to sign his/her scorecard, the scorecard will be considered approved and final.
      - 5.7.9.2. The archer represented by the unsigned scorecard will not be disqualified for neglecting to sign.
- 5.8. Scorecard deficiencies may be found in the scoring room:
  - 5.8.1. Scorecard has more than one value on a scoring line. The higher value will be erased.
  - 5.8.2. Scorecard has more than one value on a scoring line but there is a blank line among the 5 scoring lines. One of the double values will be moved to the blank line.
  - 5.8.3. A scoring line is blank. Except in 5.8.2 above, the blank line will be scored zero.
- 5.9. An archer's score may only be counted for a single team. The score will also be used to determine the archer's individual placement.
- 5.10. Range officials will gather signed scorecards after each flight at the target.
- 5.11. Disqualification may occur if an archer takes the scorecard up-range of the 10-meter shooting line or to the coach or other unofficial person(s).
- 5.12. If an archer observes another recording a false score, a range official **must** be alerted.
- 5.13. Summation of the team's highest 12 individual scores, with at least 4 of both genders, will comprise the team score.

## 6. Ties Breakers

### 6.1. Individual Ties:

  - 6.1.3.2. Then a 5-arrow competitive end at 15 meters.
  - 6.1.3.3. If there is a tie, a single arrow shot from 15 meters, closest to the middle of the target's center will break the tie.

### 6.2. Team Ties:

- 6.2.1. Team ties, if they occur, will be broken.
- 6.2.2. First by the computer by comparing total score, then # of 10's, 9's, 8's, and so on.
- 6.2.3. If necessary tied teams will select one male and one female archer from their teams.
  - 6.2.3.1. These two archers from each team will shoot a 5-arrow warm-up end at 15 meters and then a 5-arrow scoring end at 15 meters.
    - 6.2.3.1.1. Combined scores of both boy and girl team members will be compared to break the tie.

6.2.3.1.2. If the tie persists both the boy and girl from each team will shoot a single arrow at the same target. The arrow closest to the center of the target will win the tie.
