

DRAFT:

Georgia Protected Species List Changes for 2026

Georgia DNR is proposing updates to the state’s protected species list. These draft changes include additions, removals and name and species status updates. The proposed revisions are being made available for public review and comment. From June 1-30, the public can also nominate species for addition, deletion or status updates. Details at GeorgiaWildlife.com/ProtectedSpeciesList.

Table of Contents

Mammals.....	1
Birds.....	2-3
Reptiles.....	4
Amphibians.....	5
Fishes.....	6-10
Invertebrates.....	11-17
Plants.....	18-34

Species are grouped by taxa and listed in alphabetical order by scientific name. Common names and the list conservation status for each species is also included.
