

Charlie Elliott Overnight Camp Application Procedures

1. To find and print forms for summer camp, go online to the 2019 Junior Ranger Camp section of the Charlie Elliott website (<http://www.georgiawildlife.com/CharlieElliott>) and find the forms for Overnight Camp. Download all the forms.
2. Fill out the Registration form and circle which overnight camp you wish to attend. Verify if the child meets the minimum age requirements. The child must be of age by the first day camp starts. Also circle which T-Shirt size you wish to have for the child.
3. Fill out the Camper Health and Registration form completely. Fill out both sides of the form and make sure to provide insurance information, all allergies/conditions of the camper, and check all the medications that the child is allowed to take. This is necessary information that is needed by the counselors and camp director so your child is properly cared for while attending camp.
4. Obtain an updated vaccination record. If you do not vaccinate your child due to personal reasons, you will need to fill out the vaccine affidavit also found on the website and have it notarized by a notary public. Notaries can be found at your local bank or courthouse.
5. Fill out and sign the minor waiver release form.
6. Sign the photo release and behavior standards form. The child also needs to read and fill out the behavior form as they need to know the standard rules for summer camp.
7. Fill out the pick-up permission form. Name **all** the potential people who will pick up the camper including relatives and friends. If an adult comes to pick up the child that is not listed in the registration form, the child will not be released until the parent verifies, in writing, that person is allowed to pick up the child.
