

OWLS 2021

Interested in learning about wildlife conservation through hands-on activities and field experiences? If so, check out this year's Charlie Elliott Center's Outdoor Wildlife Leadership School (OWLS)! OWLS 2021 is a twist on our traditional OWLS workshops. This year we are staying put at Charlie Elliott Wildlife Center to explore the Piedmont and Upper Coastal Plain ecoregions of Georgia and investigate the field of wildlife forensics.

This year's workshop will include:

- ✓ field of wildlife forensics.
- ✓ role and responsibility of a Game Warden.
- ✓ key features of the ecosystems found in the Piedmont and Upper Coastal Plain ecoregions.
- ✓ adaptations plants and animals have to these ecoregions.

All activities will take place at Charlie Elliott Wildlife Center and we will be observing safe practices including social distancing.
