

# Outdoor Wildlife Leadership School

at Charlie Elliott Wildlife Center

ASSOCIATION of  
FISH & WILDLIFE  
AGENCIES

GEORGIA  
Project **WILD**

## Registration Form:

Name \_\_\_\_\_  
School \_\_\_\_\_  
County School is in \_\_\_\_\_  
Grade(s) taught \_\_\_\_\_  
Home address \_\_\_\_\_  
City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_  
Best phone to reach you at \_\_\_\_\_

Best email \_\_\_\_\_

(list best email to reach you even when school is out)

Dietary Restrictions/Allergies: \_\_\_\_\_

**Men's t-shirt size (circle one) S M L XL XXL XXX**

Please attach a copy (no more than 500 words) on why you want to attend OWLS.

Please mail a copy of this form along with a \$150 registration check (made payable to Georgia Project WILD) to:

GA Project WILD  
Outdoor Wildlife Leadership School  
543 Elliott Trail  
Mansfield, GA 30055

# What is OWLS?

Interested in learning about wildlife conservation through hands-on activities and field experiences? If so, check out Charlie Elliott Wildlife Center's Outdoor Wildlife Learning School (OWLS)! OWLS is a workshop focused on wildlife management and stewardship for K-12 educators. Participants will spend five days immersed in Georgia wildlife education via hands-on activities and day trips. This is a three part series of workshops and you can participate in one, two or all three of them.

**OWLS I:** Investigates conservation efforts in the upper coastal plain through birding, canoeing in Bond Swamp, mist netting bats at Oconee National Forest, exploring bogs at Ochopee Dunes and hiking in granite outcrops. We will also spend time discussing basic conservation biology concepts and field techniques that can be used with students in and out of the classroom.

**OWLS II:** Explores the Blue Ridge and Cumberland Plateau ecoregions by snorkeling in the Amicalola River, discussing about black bear research, visiting a fish hatchery and caving for endemic salamanders and bats.

**OWLS III:** Delves into GA's coastal ecosystem and lower coastal plain with canoeing in the Okefenokee Swamp, birding at Altamaha WMA and exploring the GA Sea Turtle Center on Jekyll island, and hiking through a salt marsh on Sapelo Island.

## In 2020, we will be leading the OWLS 1 workshop

*"Teachers getting WILD and outside!"*
